How SafeHR can help you

SafeHR have been offering 5* HR support and software to thousands of businesses across the UK for many years.

We know that managing your people and keeping track of performance and engagement can be time consuming and challenging. Which is why we built our simple to use HR software, which arms you with the practical tools you need to simplify how you manage your people.

Our HR software has combined the most essential aspects of HR and people management into an powerful, easy to use solution that gives you control over all your company and employment records.

Why do you need it?

People are the backbone to all successful businesses. In today's talent market, recruitment and retention are at the top of priority needs for a majority of companies across several sectors. Finding great candidates is one thing but retaining them is another.

Nowadays, people expect more from their employers. Whether it's benefits, compensation, personal development opportunities or cultural changes. The needle is always moving. We want to empower businesses like yours with the practical tools & advice to create better experiences, so you not only recruit great people but keep them too.

Our software includes:

- ✓ Easy onboarding with same day set up available
- ✓ Secure storage for all your employee information in the cloud
- ✓ Intuitive alerts for holiday, absence, health & safety, and more!

Why SafeHR?

- ✓ The easiest HR Software to learn and use
- ✓ Complete support from hire to retire
- ✓ We don't tie you in to a long contract
- ✓ No hidden fees or set-up costs
- ✓ Outstanding customer service

We understand how difficult it can be to run a business and that's without the worry around employment law, HR admin and payroll. That's where we come in.

Here's a snapshot at some of the key benefits in our software package:

- Save time on HR admin
- Complete support from hire to retire
- We don't tie you into long contracts (unless you want to)
- No hidden fees or set-up costs
- Store all your key company & employment documents in one place
- Easily manage holiday, absence, sickness & more
- Receive notifications on key things you need to action

What you can expect from our software

Here's a snapshot at some of the key people management tasks you can action with our software:

✓ Easily onboard new starters

E-signatures, checklists, reminders and more sets you up for success from day one.

✓ Track, manage and monitor team time

Queries around holiday, absences, TOIL, sick or timesheets are a thing of the past!

✓ Payroll and expense management

Easy expenses, and quick, pain-free payroll means you can pay your people in no time.

✓ Performance and development

Keep track of performance with goals and appraisals and track all CPD as you go.

✓ Employee engagement and culture

Create an enviable culture with our surveys, employee profiles and values tools.

✓ Reporting

Simple reporting means no more spreadsheets or worrying about inaccuracies.

You're in good company

“ HR can be a minefield, so having access to advisors and a system that can help you navigate that is very useful, and well worth it. You might think you don't need it, but when you do, you really do. ”

Veruschka Selbach,
Pluto Books

“ From consulting on HR cases to helping us draft and approve new contracts, we have been thoroughly impressed with every interaction we have had. ”

Adam Ennis,
Dragon Teaching

“ SafeHR provide exceptional HR support and advice; exactly when I need it. They take the time to understand your business, and are with you every step of the way. ”

Julie Liburd,
ITSO
